THE JOURNAL OF CLIMATE

██████████ ██████████

A horizontal bar chart illustrating the distribution of 1000 random numbers. The x-axis represents the value of the random numbers, ranging from 0 to 1. The y-axis represents the frequency of each value. The distribution is highly skewed, with most values clustered near 0 and a long tail extending towards 1. The bars are black and have thin white outlines.

[REDACTED]

This horizontal bar chart consists of 40 black bars of varying lengths. The bars are arranged in a descending order of length from left to right. The first few bars on the left are significantly shorter than the majority of the bars, which are very long. There are a few small white gaps between the bars.

A series of horizontal black bars of varying lengths, likely representing data points or measurements. The bars are arranged in a grid-like pattern, with some bars being significantly longer than others, indicating a wide range of values or categories.

[REDACTED]

[REDACTED]

A horizontal bar chart consisting of 40 solid black bars of varying lengths. The bars are arranged in a staggered, non-overlapping pattern across the frame. The lengths of the bars are not uniform, creating a dynamic visual effect. The bars are set against a plain white background.
